Mr. Paul J. Schumacher
Station WPRU
L-A Holder Hall
Princeton University
Princeton, New Jersey

Dear Paul:

Thanks a lot for the Annual report and the copy of the presentation you made to the University before going on the air last spring. I have read both with much interest, and am very pleased with the excellent work your whole staff has done.

The picture of the basketball game staff was very interesting, and the list of former staff members will be invaluable. It has been grand of you to send all this material to us; we really appreciate cooperation and the constant co-ordination between the activities of IBS and WPRU. The part that members of station WPRU have played in the administration of IBS has been very satisfying.

Please keep us posted on your activities and the work of the station, and extend our congratulations to Bill Bryan on his election. And good luck on the studies!

Sincerely yours,

Sonia-Jane Brown
